Challenging Behaviors Reflection

After reading the National Center for Pyramid Model Innovations Fact Sheet on Challenging Behavior, answer the following questions. Share your responses with a trainer, coach, or administrator.

1. What fact or facts most surprised you?

2. What fact or facts fit with your own experiences? That is, have you seen the facts play out for children you have worked with, grown up with, or know personally?

3. What do you still have questions about?

4. In your own words, why is it important to provide targeted supports to the children or youth you serve?
