What Would You Do Next?

It’s important to teach children healthy habits. Watch the *What Would You Do Next* video and answer the questions below. Share your responses with a coach or supervisor.

1. In what ways is the child learning independent self-care skills?

2. What are the health risks of what you see in the video?

3. If you saw this in your classroom, what would you do next?

4. What could the teachers in this classroom do to prevent the spread of germs in the future?
