**Gloving**

Wash hands prior to using gloves if hands are visibly soiled.

- Put on a clean pair of gloves.

- Provide the appropriate care.

- Remove each glove carefully. Grab the first glove at the palm and strip the glove off. Touch dirty surfaces only to dirty surfaces.

- Ball-up the dirty glove in the palm of the other gloved hand.

- With the clean hand strip the glove off from underneath at the wrist, turning the glove inside out. Touch dirty surfaces only to dirty surfaces.

- Discard the dirty gloves immediately in a step can. Wash your hands.

Note that sensitivity to latex is a growing problem. If caregivers/teachers or children who are sensitive to latex are present in the facility, non-latex gloves should be used.
