Making the Most of Your Space

Sometimes your playground isn’t perfect, but you can make adjustments so it works for the children in your care. Watch the video about a program with limited outdoor play space. What would you suggest for this teacher?

1. What are the problems the teacher has with the play space?

2. What could the teacher do to make the space work for her group?

3. Do you have any issues with your play space?

4. Would any of your ideas work for your space?
