Perspectives on Leadership

What are some values or opinions you hold about leadership in the family child care setting? Read the article in the Apply section of Lesson 1 within the Family Child Care track Program Management Course then reflect on the following questions about leadership and share your responses with your trainer, coach, or family child care administrator.

1. How do you seek mentoring outside of your family child care home to improve your practices?

2. Are there times when you face leadership challenges? When are these times? How do you handle those challenges?

3. How do you go about getting others (children or families) to follow your leadership? Give examples.
