SOLVING A PROBLEM

1. What is my problem?
2. Think, think, think of some solutions.
3. What would happen if...?
   Would it be safe? Would it be fair? How would everyone feel?
4. Give it a try.

The 4 problem-solving steps are derived from Social Emotional Teaching Strategies (Module 2) of the Center on the Social and Emotional Foundations for Early Learning, Vanderbilt University (http://csefel.vanderbilt.edu/resources/strategies.html). The graphic was developed by Purdue University.
